

HIRP OPEN 2016

The Huawei Innovation Research Program (HIRP) provides funding opportunities to leading universities and research institutes conducting innovative research in communication technology, computer science, engineering, and related fields. HIRP seeks to identify and support world-class, full-time faculty members pursuing innovation of mutual interest. Outstanding HIRP winners may be invited to establish further long-term research collaboration with Huawei.

HIRP OPEN is a **1-2 year** award that supports contract-based innovation research with the amount ranging from **USD 30,000** to **USD 70,000**. In some cases, larger awards may be possible for especially outstanding proposals.

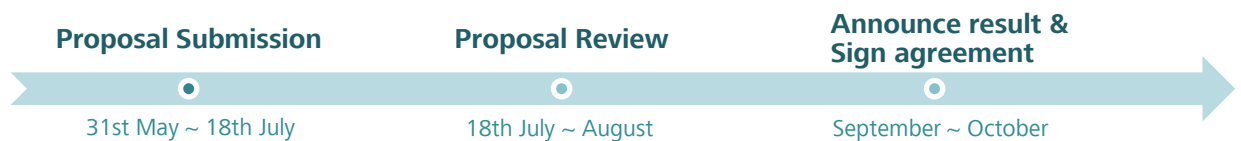

HIRP OPEN 2016 is coming now, and relevant subjects will be published on 31st May, 2016. Proposals for other innovative subjects are also welcome.

JOIN US TO SHAPE THE INNOVATION

Please visit <http://innovationresearch.huawei.com/en/index.html> to learn more information.

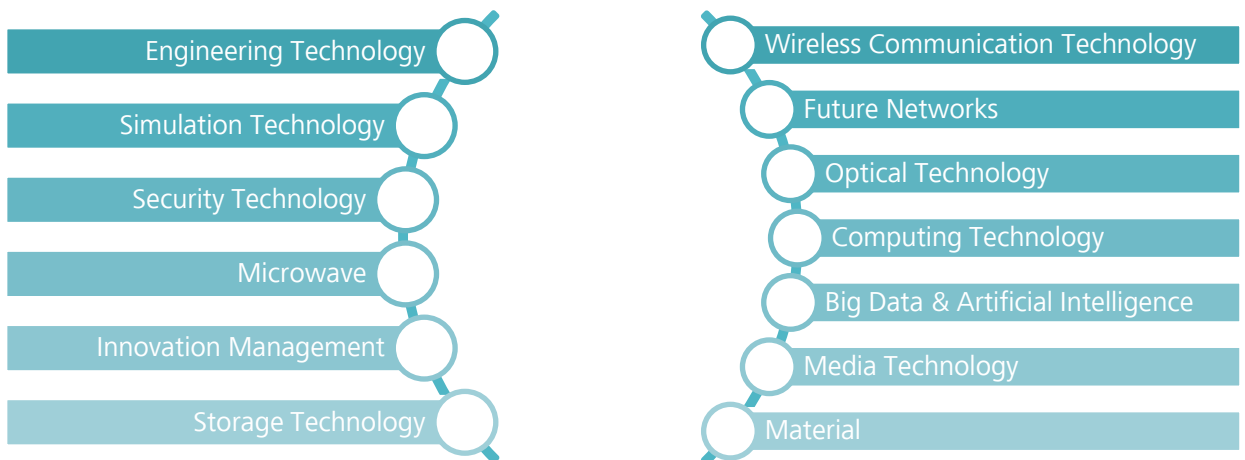

Each applicant must be a full-time faculty member (lecturer, assistant professor, associate professor or full professor) at a leading university or research institution that awards research degrees to PhD students around the world. We do not accept applications from professors on behalf of students, post-docs, or others not eligible to apply.

HIRP OPEN 2016 Timeline

Application Deadline: 09:00 AM, 18th July, 2016 (Beijing Standard Time, GMT +8)

HIRP OPEN 2016 Technical Fields
